Do you know what a technology is, it's things like mobile phones, wii, ipod, computers, playstation, iPads and ereaders. Can you think of any other ones we might read or write with? Do you use any of these?

A car. A clock. At school we have laptops we use sometimes for word games. I use my DS. I don't have a mobile phone. My mum uses a iPad I sometimes use it. Mummy and Daddy use computers for working but I don't have one yet.

My friends. Playing in the playground and reading books with the teacher.

What do you not so much like at school?

Alice, one of my friends she's a bit mean to me. Writing! Writing in sentences, you have to write 2 whole pages and [Mrs X] says it has to be on the line and it takes ages now we're not Prep. It's two whole pages before we have snack. I'm not very good at it, I get lots of words wrong.
